## The President's Column

### Annual Outing/Open House!

By Kevin Kubacki

It's that time of year! – well, almost. I'm not wishing away the waning days of summer or those last, precious few vacation days, but it is definitely time to start finalizing the arrangements for our annual outing. What does that entail? Well, I'm glad you asked! We're always looking for exhibitors and attractions, so whether you collect and rescue birds of prey, militaria, antique or specialized firearms, or anything else folks would be interested in checking out, let us know. Email me or call and we'll reserve a space for you. We should have all the usual luck shoots again as well as the machine gun shoot and demonstration, but we're looking for other reasons for folks to come see for a while. and get books in Speaking of

**New usage agreement with the City**

Speaking of folks to us and stay Please sell your chance e a r l y . chances, the NRA 1911 pistol raffle (3 chances to win a 1911 on each ticket!) are almost gone. This raffle goes off the day of the outing. Only 200, \$20 chances are sold, so the odds of winning are pretty darned good. Don't miss out on this one and see Mike Hamilton to buy your chances. Speaking of the NRA, is your membership current? If not see me or Mike Hamilton for your discounted renewal or upgrade. Remember, membership in the NRA is a prerequisite for your HF&G membership. The last thing I would mention in this month's column is that we have just signed a new usage agreement with the City which takes us to August of 2015. The new agreement renewal date is good for us because it puts us a year ahead of when City

Council and Mayoral elections occur. The same goes for us. It means our club officers should have at least a year under their belts before they need to negotiate with the City again. You should also be relieved to hear that we have essentially, simply extended the existing agreement. Thanks to everyone who helped us navigate through this process. So I guess it's enjoy the rest of your summer and see you in September! Remember, be responsible and keep it safe while on the club ranges.

## Death Notice

We would like to offer our Condolences to the family of Tim Clark who passed away in late June, 2012. Tim joined the club on February 1st, 1971 and several years later, he was awarded the old timers award. Tim Was also the Club President for several years and he ran the Junior program for a number of years. He took great pride in fishing and always had the saying "Take a young one fishing". He also enjoyed hunting, Tim enjoyed shotgun, rifle, handgun and archery shooting. The executive committee of the Holmesburg Fish and Game Protective Association offers our condolences on Tim's passing.

**Wolf-Hybrid Captured In Pennypack Park**

HARRISBURG - Pennsylvania Game Commission of Officials today announced that the wolf-hybrid that had taken up residence in Pennypack Park, Philadelphia, has been captured. Early this morning, the Game Commission, assisted by the USDA APHIS Wildlife Services, captured the wolf-hybrid that has eluded capture for some time. "A variety of approaches were used to remove this animal from Pennypack Park," explained Dan Lynch, a PGC Southeast Region Wildlife Education Specialist who was involved with this undertaking. "We tried tranquilizer equipment and cage traps, with no success and so we eventually opted for foothold traps. Within three hours, it was captured. The animal was out of the trap in less than a minute and was seemingly unfazed by the experience as it sat calmly in its transport pen." The foothold trap is a tool commonly used in wildlife management research and designed for the most humane capture possible. It's particularly useful for catching canines, which often are reluctant to enter enclosures and tough to dart with a tranquilizer gun. "Hotdogs were the ticket," added Lynch. "It had become accustomed to eating hotdogs left in the park daily by folks concerned about its wellbeing. So, hotdogs were recognized immediately as our best attractant and we put them to work. It didn't take long!" The wolf-hybrid was then transported to the Wolf Sanctuary of Pennsylvania, north of Lititz in Lancaster County, where its health is being assessed so it can be cared for properly. The 22-acre woodland wolf retreat has been offering refuge to wolves and wolf-hybrids that have become ownerless and without proper permits to be kept legally.

**Pa Ridgerunners**

I have a meat shoot set up for September 30<sup>th</sup>, 2012. This gives you enough time to get your Black Powder guns out and check your shooting boxes. This shoot will also get you tuned up for the early black powder season, which starts in October. We will be shooting 25 yards offhand, we will also be shooting 50 yards offhand, 50 yard bench and I might even have a 50 yard X-stick in there. I also will have a novelty target. I don't know what it will be yet, I hope to have a 25 yard pistol target as well, this shoot is strictly flint lock or Percussion Gun and patch and round ball. So for all of you guys that have a black powder flintlock or Percussion and has never participated in a shoot, grab you gun and shooting box and bring it on down, and we will show you what a good time we can have.

**Archery Every Monday Night**

Archery is being shot at Holmesburg every Monday night weather permitting. Anybody who is interested, come on down. Start time is 6:00pm ? For more information you can contact Andy at (267) 679-2263.

Given their experience level, everyone shot pretty well and cash awards were given to those indicated. Congrats to the class winners. Our last Tactical Pistol match of the season is on Sunday, September 23 – so mark your calendar now! Our next Military Pistol Match is on Sunday, August 26<sup>th</sup> and that will mark the return of the straight ahead, no BS, 60-rounds on basic silhouette centers match. – AKA, the “no excuses” match. So what will be your excuse? Come on out to shoot and be sure to bring a friend or two! See you on the firing line?
